

School Research Project

Now that you have narrowed down your Career choice, it's time to look at schools that offer the program you need. For this assignment, you will be researching three (3) different schools that offer your program of study. You will be using the ILP website to conduct your research. You will need to conduct research and provide sufficient information that covers the topics listed below.

- **Your schools need to offer the major (degree program) needed for your job**
- **You should include at least one school in the state of Kentucky, if possible**

Please write your findings on paper – do not type them on the computer

****If information is not available, write "N/A" on your paper****

*****If you choose Infantry, just pick 3 colleges to research*****

- 1. School Type**
- 2. Location** – include the city and state, and the Setting (i.e., rural, urban, etc.)
- 3. Faculty Information** – include full and part-time numbers, and student/faculty ratio
- 4. Admissions** – Entrance Difficulty, and Undergraduate Application Requirements (GPA)
- 5. Academics** – Credit Requirements, and Required Courses
- 6. Expenses** – include overall cost, broken down by each category (tuition, books, etc.)
- 7. Enrollment** – include all Student numbers, and the Freshman ACT score (the Mean)
